Global Fixed Income

Yield curves, 3rd Quarter 2025

Except for the US and Canada, interest rates increased in the global developed markets for the quarter.

In Canada, short- to intermediate-term interest rates decreased, and long-term interest rates increased. The short-term maturity segment of the yield curve was generally flat but steepened in the three- to five-year maturity segment in Canada, Germany, UK and Australia.

Realized term premiums were mixed across global developed markets. Realized term premiums were positive in the US and Canada, as longer-term bonds generally outperformed shorter-term bonds during the quarter. However, realized term premiums were negative in the UK and Germany, as longer-term bonds generally underperformed shorter-term bonds during the quarter.
